No Substitution By Merchants of Listed Articles for Relief

The following is a copy of a letter received by various merchants and village councils from Edmonton:

To Merchants:—It has been brought to the attention of the Relief Department that relief recipients that the food they are obtaining is inadequate, and that they are unable to represent the food certain articles that may be purchased with their food stamps.

In order to find where the discrepancy exists, a close check-up has been made regarding the articles supplied by merchants, and we find that the list of articles authorized is not being followed to the Government, and signed by the merchant, as being delivered, is not correct in their names. It will be noted that a very close check-up will be made that you deliver what is provided by the regulations of the Relief Department, and that relief recipients agree to take as goods being delivered, and will be severely dealt with.

It is the policy of the Government to take relief orders, and when these certain articles that are never delivered, and provide the relief order with future, and our recent check finds that many relief recipients are using these items to purchase luxuries contrary to Government regulations.

It is the intention of the Government to see that necessary articles of food are supplied to help the recipient in basic necessities, and not to allow them to divert their relief money to purchase expensive luxuries, and only money to families after being short of actual necessities or being in possession of funds to purchase necessities which they did not desire when application was made.

I wish to advise that no action will be taken for merchants to deliver irregular items to date, but on or after the 20th of October, 1936, any merchant who delivers violating relief regulations will have his account re-opened, and will be deleted from the list of merchants, with whom we will deal, and if the practice is continued, we may force the Government to establish a depot for the distribution of food.

A. A. HARRIS, Commissioner, House of Relief & Public Welfare. There has also been received from the department a list of goods which can be purchased by those in receipt of relief, which are as follows:

- 1. Flour (all types) various sizes and no brand.
- 2. Beans (in bulk only).
- 3. Rice (in bulk only).
- 4. Sugar (in bulk only).
- 5. Cornmeal (in bulk only).
- 6. Tea.
- 7. Fat.
- 8. Bulk butter (not report exact weight).
- 9. Baking powder or pot (not report exact weight).
- 10. Limited quantity of some approved quantities of other goods (e.g., soap, toilet, and other necessities, but not luxuries).

No Power To Reduce Interest, Says Premier

Calgary Proposal Turned Down by Provincial Government

To the suggestion advanced by the Calgary city council that interest on the bonds owned by the provincial government, be reduced to the rate the province is paying on its bonds, Premier Abernethy replied as follows:

Dear Sir,—Your letter of November 12th is at hand, and I note the resolution from your council suggesting that the interest rate on City bonds be reduced to the rate the province is paying on its bonds.

The government is not in a position to reduce the interest rate on its bonds to the rate the province is paying on its bonds, as the province is not in a position to reduce the interest rate on its bonds to the rate the province is paying on its bonds.

Liberal Youth

By W. J. CAMERON, of the Ford

You may recall that I gave you much concern was felt because many rich and noble college-bred youth were so strongly influenced by the radical literary leaders. Now—just as the youth are being moved in an entire generation to deeper views and wider experience by the leaders of the movement.

It is part of the comedy and pathos of human life that those who have the most to lose are the least likely to be influenced by the leaders of the movement. It is part of the comedy and pathos of human life that those who have the most to lose are the least likely to be influenced by the leaders of the movement.

COMMUNITY CLUB

October 26th was the 10th anniversary of the Community Club in the East Block.

Program arranged by Miss Edna Ryan was well attended, and we were pleased to have a very large number of guests.

Mr. Mary Crawford for an "Irish Jig" performed very prettily in costume by Miss Marie Munn.

Games then followed, participated in by the whole party and a most enjoyable evening was enjoyed.

Mr. Morrison, acting as toastmaster, did the honors and called on Mr. Ryan for a toast to the Club.

The toast was followed by the singing of the national anthem, and the evening closed with a song by the club.

The Community Club is a most successful organization, and we are proud to have it in our midst.

Whose Savings Will be Next?

The money the people of this Province borrowed was used to provide them the houses, barns, and lands which now give them shelter and in which they do business. They have used them, and continue to do so. Should they not recognize those who made it possible for them to have these things? Is it just that those who have saved, and who have been thrifty, to be deprived of their savings?

Let those who look upon the lending companies as "big business" require them to give them what they have enjoyed. They will learn, as we shall tell them in one of the statements to follow.

If the citizens of Alberta pay by light of the injustice of this Act, what is to prevent their own savings, their homes, their business, their farms and other possessions being taken away from them? Can they take in the enjoyment of their savings? Keep in mind that the confiscation of the property of others is only the first step leading to the confiscation of yours.

You have been told that our Government does not intend to confiscate. The Redemption and Settlement of Debts Act would confiscate the savings of hundreds of thousands of people. Whose savings will be taken next?

This statement is one of a series written by The Mortgage Lenders Association of the Province of Alberta. The Association is composed of 10 member companies, which control the savings of thousands of people in this province.
